

LIFE ENSPIRE Workshop:

Carbon Pricing: Challenges for the EU and EU neighbourhood

17.06.2025 (Tuesday)

This online workshop is organised by the LIFE ENSPIRE project - a new initiative supporting the development of climate policy measures in Poland, the EU and the EU neighbouring countries. The event will explore the current policy and future challenges of climate policy in the EU and beyond, focusing on policy alignment, cross-border cooperation, and the role of carbon pricing, MRVA, and CBAM.

The workshop will bring together policymakers, experts, and stakeholders from Poland, the EU and EU candidate countries to discuss the current state and future prospects of carbon pricing in the region.

The **LIFE ENSPIRE** project is coordinated by the CAKE/KOBiZE team at the Institute of Environmental Protection - National Research Institute (IOŚ-PIB). The project aims to strengthen knowledge, analytical capacity, and policy development on climate and energy issues in Poland, the EU and selected non-EU countries, with a particular focus on carbon pricing mechanisms and international cooperation.
